FURTHER PAPERS.

Department.	Number.	Series.	Date.

FOR MYSORE STATE

HEALTH DEPARTMENT.

[illegible] THE HON'BLE
[illegible], M.L.A., Minister for Health, GOVERNMENT OF MADRAS.

..

Duties of the Minister for Health.

Secretariat - Health.

[illegible] presented to me at the Municipal Office, Mangalore, where a reception was given on the 1.7.53. Matters relating to the Health Department may be examined and put up early. Other matters may be remitted to the concerned departments for necessary action and circulation to me before passing final orders.

A.B. Shetty,
3.7.53.

..

Extract of paras 8, 9, and 10.

8. We would like to bring to your notice that the compensation paid to this Municipality for the loss of income from motor licen fees and the contribution paid under the Motor Vehicles Act are o Rs. 4,431 and Rs. 18,000/- respectively per year. These were fixe long ago. We urge that our share of the above require to be revi and enhanced, taking into consideration the present state of affa

9. There are two ferries at the municipal limits, viz., at Beppoo and at Sultan Battery. It is but fair and proper that the should be made over to the Municipality.

10. Last but not least, we have to request you to secure for us a site for locating the municipal Office, the police hockey grounds along the Maidan. We have been requesting the government for the site for the last six years without any success. We reque you to impress upon the Government the necessity for locating the Municipal Office in a central place like the above.

Please see plante. The request
are noted on below

This file has been sent to this Department with ref. to the request of the Mangalore Municipal Council to M.(Health) that the compensation payable to that Municipal Council under the M.M.V.T.Act, 1931 for loss of income from licence fees and tolls may be enhanced. A copy of the representation received direct in this department ~~is~~ for information is put up at pp 1-6 c.f. The question of increasing the rates of compensatio to local bodies was recently examined and Home Secretary ~~has~~ noted as follows:

> "The finances of the State Govt. itself are none too prosperous. There is undoubted a case for grant of some assistance to local bodies but it is difficult to take up a question of this kind just at present when conditions relating to partition of the Stat etc. are rather fluid. Any grants now made, if at all possible may not even be appreciated but attacked on several grounds from many quarters. Therefore this question is best taken up when there is a more settled atmosphere all round.
>
> O.Pulla Reddi,
> 18-5-1953 ".

his was agreed to in circulation. It is proposed o re-examine the question in December 1953. In he circumstances, there seems no need to take up he question of increasing the compensation payable to the angalore municipal council now. The file may e passed on to P.W.D. (L.A. will no doubt send a onsolidated reply to the Mangalore Municipal Cl. in due course)

L.A.D.(D)

The file deals with the following three requests f the Mangalore Ml. Cl. extracted from its memorandum resented to M.(Health) in July last., viz.,

(1) that the compensation payable to the Ml. Cl. under the M.M.V.T. Act, 1931 for loss of income from motor licence fees and tolls may be enhanc

(2) that the two ferries at the municipal limits viz., at Jeppo and Sultan battery may be handed over to the Ml. Cl.;

(3) that the police hockey grounds along the maidan may be given to the Ml. Cl. for locating the municipal office.

Request (1) above - This question was examined ecently and it was considered not desirable to take t

this question at present when the State is to be partitioned. It is proposed to re-examine the que in December 1953. The Ml. Cl. may be informed tha this ia a general question and it will be consider some time after the separation of the State.

Request (2) above:- This request has been referred the Board of Revenue for remarks. The Council may informed that the question is under correspondence with the Board of Revenue.

Request (3) above:- It is proposed to ask the Ml. to submit an application to Govt. through the Coll and the I.G. of Police in the matter.

The file may be circulated to M.(L.A.) and M. with reference to the minute of M.(Health) at A on p.1 ante.

Sir,

We thank you for having accepted our invitation at short notice and consented to visit our office. We avail of this opportunity to place before you some of our problems for kind consideration by you and the government.

At the very outset we will be failing in our duty if we do not express our indebtedness to you and the government of Madras for sanctioining the Water Supply Scheme for this municipality with Netravathi river as source, at a cost of 82.5 lakhs, and fixing our share of the cost at 25.5 lakhs. You are well aware, that although in the first instance the government agreed to advance a loan of 25.5 lakhs to enable us to meet our aforesaid share of the total cost, subsequently the government has directed us to raise a loan within our municipal area to meet our share of the cost, before further work could proceed. As the government had already granted to us a loan of Rs.8 lakhs in 1952-53 to enable us to meet our said share of the cost, and the government has been pleased to provide a further loan of 2.5 lakhs in their budget for 53-54 we have to find only the balance of 15 lakhs towards our share of the cost of the said shheme. So this council has decided to raise a loan of Rs.15 lakhs by floating debentures of 15 years' duration at 4½ per cent, interest per annum. But while resolving to issue debentures, in view of the poverty of this district and the town, we have requested the government to permit us to raise this loan from persons residing even outside the municipal limits but within the district, as also from persons residing outside Madras State. Unless this concession is shown to us, it will be difficult to raise the full amount and push through the shheme. Now that 20,000 ft. of pipes for the pumping main have been received and are lying on the road-side causing obstruction to the traffic for

already a large sum stands to our credit with the Government from Water Supply Scheme and as we have already enhanced the Water Supply & Drainage Tax from 4½ to 9 percent as per directions of the government, and as we have already decided upon floating the loan for the balance amount of our share of the money for the scheme, we request you to kindly see that orders are immediately passed for laying the pipes and proceeding with the further work on the Water Supply Scheme.

The Water Supply Scheme having been practically launched we feel that it is time that the underground drainage scheme, at least for the low lying areas of the city is taken up and a beginning made in order to check the growing incidence of filarial infection.

We have been spending about Rs.40,000 per year on anti-mosquito measures and though we have not been able to bring down the incident of filarial infection very much, we can at least say that we have been able to prevent a rise in the incidence of infection. We feel that if some intensive anti-mosquito work on scientific lines combined with some research work is carried on in this city under the aegis of government, the menace could be effectively checked and in course of time completely ~~eardicated~~ eradicated. We therefore request you to start an investigation centre in this city to tackle filarial infection and we assure you that we would whole-heartedly work out the scheme, under government direction. We may here point out that recently we have sanctioned an expenditure of Rs.2,500 for meeting the allowances for three months, of one officer with small staff to formulate scheme and demonstrate the technique of control of filaria to be sent over to this city by the Malarial Institute of India, in the matter on our behalf.

The isolation sheds in which cases of infectious diseases are treated are situated in a thickly populated area in the town the council has decided to shift the same and run an Infectious

Diseases Hospital in conjunction with the District Board a little outside the city limits on the Buntwal Mangalore Road. We request the government for a 50% grant for this Infectious Diseases Hospital as envisaged in G.O.No.2770 Health, dated 8-8-1951.

6 As per instructions of the government the Municipality has been manufacturing compost and has been sustaining loss from year to year. On an average the municipality produces about 2000 tons of compost of which not even a fifth is sold though we are selling the same at Rs.1-8-0 per ton as against the manufacturing cost of ~~Rs~~ Rs.6-14-0 per ton. Even though we have been providing transport facilities in municipal lorries at cheap rates and have been doing propaganda to popularise compost . The cultivators are still averse to use compost manure. And now we are losing over Rs.8000 per year, by manufacture of compost. So we request you to exempt this municipality from manufacturing compost compulsorily on a large scale. We assure you that we would voluntarily manufacture compost to the extent there is local ~~demand~~ demand for it.

7 Our Port area is beyond municipal limits. In the interest of Public Health we submit that the municipality should be allowed to control the sanitation and D. & O. trades in that area.

8 We would like to bring to your notice that the compensation paid to this municipality for the loss of income from motor licence fees and the contribution paid under the motor vehicles Act are only Rs.4431 and Rs.18000 respectively per year. These were fixed long ago. We urge that our share of the above required to be revised and enhanced , taking into consideration the present state of affairs.

9 There are two ferries at the municipal limits, viz., at Jeppoo and at Sultan Battery. It is but fair and proper

hat these should be made over to the municipality.

Last but not least, we have to request you to secur or us as a site for locating the municipal office, the olice hocky grounds along the maidan. We have been equesting the government for the site for the last six ears without any success. We request you to impress un he government the necessity for locating the municipal office in a central place like the above.

We hope all our legitimate requests aforesaid will b acceded to by you and the government.

We remain,
Yours faithfully,

Municipal Office,
Mangalore, 1-7-53.

Chairman & Members of the Manga
Municipal Council.
